Core budgets are the most typical source of funding for Espresso in 2010-11, as ring-fenced grants are being phased out and funds are being distributed direct to schools. This gives schools more freedom and flexibility, opening up more options to pay for Espresso. In addition, some schools use money raised by PTAs, local fundraising schemes and sponsorships to support the purchase of Espresso. Your bursar may be able to advise you on the best funding options available.
