Making every lesson
memorable

What makes Espresso different?

Espresso has been trusted in classrooms all over the UK for the last 14 years. When developing our resources, we put ourselves in your shoes – literally! Many of our staff are former teachers and have spent years in the classroom. They understand the importance of saving you time and the power of using engaging resources in lessons.

- Espresso is much more than an archive of video clips and animations – it has more than **double the activities** of any other service **PLUS** thousands of printable resources
- Espresso lends itself to **everyday use at school and at home**, and our flexible format is perfect for **independent learning**, collaborative **group work** and **whole class teaching**
- Espresso is a great solution for schools following a **creative curriculum**

Espresso grows each and every week!

The curriculum coverage of Espresso Primary is simply unrivalled. It covers all Key Stages, subject areas and offers a multitude of different resource types to suit all kinds of learning and teaching styles. Each week of term we add fresh content to the service – nothing is ever removed.

- Equivalent to **151 CD-ROMs** of content and still growing
- Weekly **updating news service**, differentiated for each Key Stage, all archived for future use
- **Core and foundation subject coverage** plus support for whole-school initiatives such as SEAL
- **SATs resources** for Maths, English and Science

“Espresso is right out there in front of its competitors – it is always being developed and we can rely on its relevance to children’s learning. I have no hesitation in recommending Espresso as a key resource.”

**Lynn Brewster, Head Teacher,
Navenby CE Primary School, Lincolnshire**

News service

We turn current events into great resources to bring the real world to your class. Each week, find new videos, articles and quizzes.

Espresso – the digital learning service

Espresso Primary

Video-rich, cross-curricular service covering all subject areas for:

- Foundation
- Key Stage 1
- Key Stage 2

Features: full-screen video, interactive activities, printable worksheets, news service, weekly updates and more.

Home Access

Both teachers and pupils have the option to access Espresso from home. Teachers can use Espresso to plan anytime, anywhere! Pupils have a special Home Learning area with over 500 independent Learning paths and a Parents guide.

Espresso Training

We offer a variety of options and formats, such as hands-on workshops, to suit staff and the wider school community. Our online Staffroom provides on-going skill development and best practice videos.

Learning Platform-Ready

Our 'use video' feature enables schools to save, play and display our video in their learning platform for extended learning and parental engagement. All video is copyright-cleared for educational use.

KS3

Lesson routes for school and Learning paths for home help pupils with their revision and raise their attainment levels.

How does Espresso support teaching and learning?

With Espresso, lessons come to life and pupils respond enthusiastically to the sounds and prompts. Children just love Espresso and the characters! **With our wide variety of creative, multimedia resources, children stay engaged.** They never get bored as there is always something new.

Espresso empowers you and your pupils to **get creative with digital media.** All our video clips, photos, graphics and text can be exported for use with software such as Moviemaker, PowerPoint and whiteboard tools.

Espresso includes learning tools, such as the Route creator, that **allow teachers to personalise instruction** to address different abilities and learning styles. It also includes special features to suit those with learning disabilities, English as an additional language, behavioural issues and physical disabilities.

"Espresso is one of our most precious pieces of software. It is action-packed and full of new ideas to support our creative curriculum. Staff could not teach without it! Keep up the great work, it is worth every penny."

Christine Finnegan, Assistant Head Teacher, St. Hubert's RC Primary School, Sandwell

"Espresso is an incredibly valuable resource. We just love it! The children love the Espresso characters and all the interactive activities. The teachers love the fact that they can also plan from home. We use it everyday - I don't know how we'd manage without it!"

Jo Bradley, Deputy Head and Head of KS1, Bathwick St. Mary, Bath

Staffroom

A dedicated teacher area with a wealth of guidance such as curriculum links, lessons plans and instructional videos.

The positive effect of Espresso

A team of researchers from Lancaster University have recently independently evaluated Espresso. Using evidence from over 330 user schools, they researched the impact the service has on learning and identified cost benefits. Their findings highlighted three positive effects that Espresso has in the classroom:

- Espresso resources encourage **deeper and wider learning** – the nature of our resources enables pupils to think beyond the simple fact, generating interest, questioning and discussion
- Earlier use of Espresso is associated with **higher achievement** in Key Stage 2 SATs results – in these schools, Espresso was embedded into Key Stage 1 teaching and their longer term plan
- It takes **50% less time** to find a resource on Espresso than it does to search and vet a resource from the Internet – our resources are developed by educationalists and easy to navigate

We are proud that this piece of research is validation of Espresso's mission: to make a positive impact on teaching and learning. With a subscription to Espresso, your school can make a difference to learning outcomes, and you too can enjoy 'the Espresso effect'.

Excellent value for money!

Espresso can help your school create a stimulating learning environment that:

- Engages and delights pupils
- Supports teachers and saves them time
- Provides up-to-date exciting lessons
- Delivers imaginative materials
- Aids planning and personalisation
- Promotes a creative, thematic curriculum
- Drives towards curriculum objectives
- Evolves to meet government initiatives

Lewis Bronze, Co-Founder and CEO of Espresso

When I ran Blue Peter, I learned that it isn't enough to deliver the best material – it has to be backed up by first-class attention to detail.

My ambition for Espresso Education is to become your school's trusted partner. My personal guarantees to Espresso subscribers are: top quality resources, teacher and pupil satisfaction, responsive support and superb value for money. Our subscriber retention rate is consistently 95%. This proves that schools value highly the quality of our service and support.

How does Espresso work?

Espresso is a subscription service. Whether you are in the middle of a large city or in a rural location, we can deliver you the full, video-rich Espresso experience. Contact us to discuss the best way for your school to access Espresso.

Working with you

Espresso is ready to serve the needs of your school community – engaging teachers, children and parents in the learning process. Our award-winning training and support will help you to integrate Espresso into your school and positively contribute to achievement.

"The children really enjoy going on Espresso. They like looking at the videos. It's fab to feel confident to let the children go onto Espresso independently – as we know there are no pop-ups and it's 100% safe."

Janette Boukadida, Teacher,
St. Edward's CE Primary School, Havering
